EXPERIENCE

Full Stack Web Developer Intern

NoviTech

Aug 2024 – Sep 2024

- Image Gallery:** Created a responsive web application featuring dynamic image editing and an interactive gallery.
- Quote Generator:** Built a dynamic quote generator web app using React.js, integrating API to fetch and display quotes in real time.

Full Stack Web Developer Intern

PanTech.ai

Jun 2024 - Jul 2024

- Video Dictionary:** Created a website to record videos via camera and upload them to Google Drive with automated date and time stamps.
- Version Control:** Published a project on GitHub by initializing a repository, managing version control, and pushing code with Git.

PROJECTS

Imagine.AI (Deployed Globally)

typescript, next.js and tailwind css

Nov 2024– Jan 2025

- Designed and developed Imaginary.ai, an AI-powered web application for generating content from uploaded images.
- Deployed the application with scalable architecture to handle high user traffic efficiently.
- Integrated APIs for advanced image analysis features.

Sonic-Horizon (Deployed Globally)

html, css, javascript and kaplay.js

Sep 2024– Oct 2024

- Designed interactive gameplay mechanics with Kaplay.Js functions.
- Created dynamic animations and physics-based interactions.
- Integrated sound effects and visual elements with Kaplay.Js.

Portfolio (Deployed Globally)

html, css, jquery

Dec 2023 – Jan 2024

- Incorporated smooth navigation and interactive animations for an enhanced user experience.
- Created a downloadable PDF version of the resume on the website.
- Integrated email communication functionality into the portfolio website.

EDUCATION

B.Tech in Artificial Intelligence and Data Science

Anand Institute of Higher Technology

July 2022 – May 2025 CGPA : 8.35

Diploma in Computer Engineering

Meenakshi Krishnan Polytechnic College

June 2019 – May 2022 Per : 94.13%

Class X in SSLC

St.Joseph Higher Secondary School

May 2019 Per : 77.20%

SKILLS

HTML

CSS

TailWind CSS

JavaScript

MYSQL

GitHub

React JS

MongoDB

Node.Js

Bootstrap

Version Control

PostmanAPI

PowerBI

ACHIEVEMENTS

- Deployed 10 virtual servers to automate workflows, optimize production, and improve efficiency.
- Coordinated logistics and supported event execution for Google Developer Students Club.

PARTICIPATION

- Participated in the Accenture Innovation Challenge Bootcamp, contributing to innovative solutions.
- Secured second place in Innovators Day 2023 for innovative project presentation.

CERTIFICATION

- React JS - Simplilearn
- TypeScript - Geekster
- Structured Query Language - Yhills
- Microsoft Power Bi - TechTip24
- AWS DevOps - SRTechOps
- PostmanAPIs - Lets Upgrade
